Sakshi kumari

Software Engineer @kantar | React | Node.js | TypeScript | AI
Integrations| Open to Opportunities

Kolkata, West Bengal, India

Summary

Results-driven Full Stack Developer (MERN) with nearly 2 years of corporate experience optimizing workflows at Kantar and building full-stack web products. Core Competencies: • Frontend: React.js, JavaScript (ES6+), Context API, React Query, DOM Manipulation, CSS3/Tailwind. • Backend: Node.js, Express.js, REST API Development, Repository Pattern, JWT Authentication. • Databases: MongoDB, PostgreSQL, Mongoose ODM. • Key Projects: Built an AI-driven text-to-code pipeline using LangChain/ Python, and full-stack MERN dashboards demonstrating complex state management and clean architecture. • Strengths: Rapid self-learner, open-source contributor (Hacktoberfest), and focused on writing scalable, production-ready code. Available for immediate joining for SDE and MERN Stack roles.

Experience

Kantar

Software Engineer

May 2024 - Present (2 years 1 month)

Kolkata

- Engineered an AI-driven automation pipeline using Python, LangChain, and LLMs to parse unstructured .docx questionnaires, translating logic into production-ready syntax and reducing manual programming time by 85%.
- Architected an internal full-stack MERN application (React.js, Node.js, Express, MongoDB) with a drag-and-drop UI and RESTful API, streamlining survey script generation and validation for cross-functional teams.
- Developed an accurate ROI simulation engine (Node.js/TypeScript) for enterprise B2B dashboards, delivering real-time marketing predictive forecasting via seasonal weightage and debounced API interactions.

Promact

Full Stack Engineer

January 2024 - April 2024 (4 months)

Vadodara

Developed a Customer Success Platform in React and Nodejs, automating notifications for time savings and enhancing stakeholder communication. Implemented secure user registration/login, real-time email updates, and PDF export

functionality, improving user experience and engagement

- Led a team in developing a Customer Success Platform, facilitated clear communication between clients and the development team, ensuring precise translation of client requirements into actionable deliverables

Women in Technology (WIT)

Technical Team Member

May 2021 - January 2024 (2 years 9 months)

CodeClause

Web Development Intern

August 2023 - October 2023 (3 months)

Education

Maulana Abul Kalam Azad University of Technology, West Bengal
formerly WBUT (BBIT) , kolkata

Bachelor of Technology - BTech, Computer Science · (2020 - 2024)

St.karens secondary school ,patna bihar

Intermediate, PCM · (2017 - 2019)

Krishna Niketan girls school Patna, Bihar

Matriculate, knowledge · (2013 - 2017)
